MELISSA OHDEN

Founder, The Abortion Survivors Network,
Author of “Abortion Survivors Break Their Silence”

Life empowers women, not abortion, and Melissa is one of likely tens of thousands of abortion survivors who exemplify this. Melissa is the survivor of a failed saline

infusion abortion, but like every survivor, she is so much more than a survivor.

Melissa is a Master's level prepared Social Worker and the author of *You Carried Me: A Daughter's Memoir*. Her second book, which will focus on sharing the stories of other abortion survivors breaking their silence, will be published in 2024. She is the Founder and Director of The Abortion Survivors Network, the only healing and advocacy organization for abortion survivors world-wide and The Education and Policy Center, which impacts policy issues in relation to abortion and abortion survivors. Melissa and her team have connected with 397 survivors as of July 2021.

Fulfilling the purpose that she believes God set out for her when He saved her from the certain death of the abortion attempt, Melissa is truly a voice for the voiceless.
